CELEBRATING THE LIFE OF GORDON CAREW

THE GIFT OF LIFE IS IN GIVING!!

No word can describe the contribution that Gordon made to the sport of cycling. Gordon was a founding member of the Cycling Federation in 1950 and held the position of Racing Secretary for over 30 years. He became a member of the long standing Madonna Wheelers Cycle Club upon its birth.

As Racing Secretary, Gordon ensured that records were kept current on every cyclist and clubs and maintained close relations with all club members and cyclists. He was very methodical in all his functions.

As a Life Member of the Federation, you would always be sure to see Gordon at all AGMs to ensure the Constitution was always followed and he would provide advice to any newly appointed Racing Secretary. He never compromised.

His passion for the sport of cycling goes beyond his personal limit. Members of the Federation today, pay tribute to Gordon who demonstrated what commitment represents in anything he was a part of. Cycling was his life and he made no exceptions in ensuring that the sport grew better and better over the years.

We say to Gordon, thank you for your dedication and love for cycling and may your contributions be remembered always!!
